/YUView/source/FileInfoGroup
Box.h

```
graph TD; A["/home/ient/YUViewOrig  
/YUView/source/FileInfoGroup  
Box.h"] --> B["QGroupBox"]; A --> C["QGridLayout"]; A --> D["QLabel"];
```

The diagram illustrates the dependencies of the `File Info Group Box.h` header file. It is located at `/home/ient/YUViewOrig/YUView/source/FileInfoGroup`. The header file includes three Qt widget classes: `QGroupBox`, `QGridLayout`, and `QLabel`. These dependencies are represented by blue arrows pointing from the header file box to the respective class boxes below it.

QGroupBox

QGridLayout

QLabel
